

# Getting a UEI (Unique Entity ID) from SAM.gov

Michigan Arts and Culture Council

April 2022

All organizations that submit an application to the MACC must (as of April 2022) now obtain a UEI (Unique Entity ID). The UEI is a federal identification number and replaces the previously-used DUNS number. This process **is required of all organizations** (nonprofits, schools, municipalities, etc) for most MACC grant programs. However, **is not required for individuals** who are applying for a professional development grant.

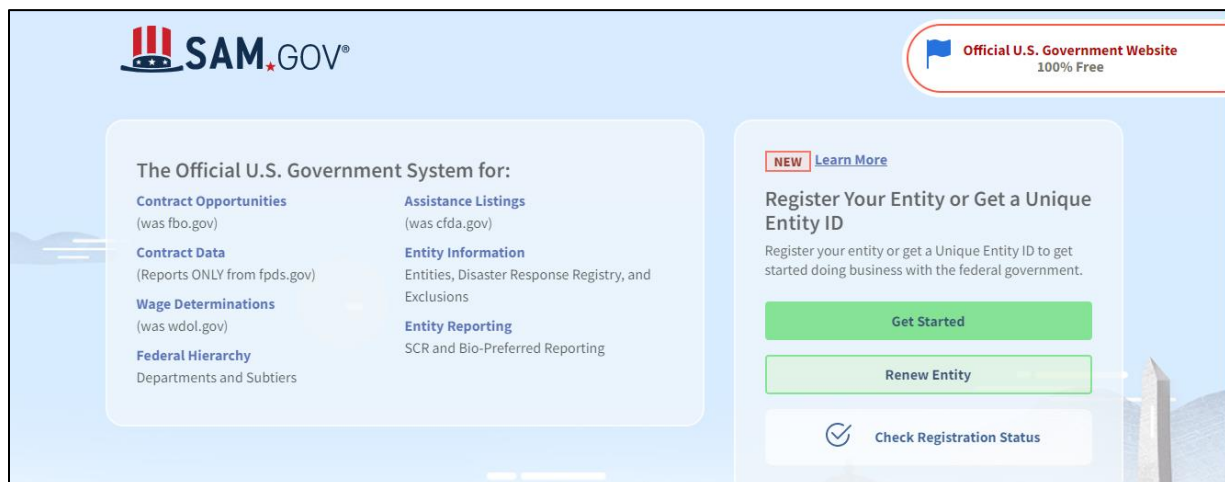

This step-by-step will detail how to obtain your organization's UEI.

- If your organization already has a SAM.gov account (possible reason: you have applied for a federal grant before), then you already have a UEI. Log into your SAM.gov account and you can access your UEI
- If your organization had a SAM.gov account before but it has lapsed, or the person at your organization with the login has left your company, please see this help article: [https://www.fsd.gov/gsafsd\\_sp?id=gsafsd\\_kb\\_articles&sys\\_id=f228607a1b2e8d54937fa64ce54bcbdb](https://www.fsd.gov/gsafsd_sp?id=gsafsd_kb_articles&sys_id=f228607a1b2e8d54937fa64ce54bcbdb)
- See end of document for more troubleshooting resources.

## **Step 7: Click on “Get Unique Entity ID” (the second choice).**

- Note: if you click “Register Entity”, this will bring you through the entire federal registration process needed if you were to apply for a federal grant. This can take a long time. If you are just trying to get your UEI to apply for MACC grants, make sure to click “Get Unique Entity ID” on this page for the much shorter registration process.

### Get Started

#### Register Entity

An entity registration allows you to bid on government contracts and apply for federal assistance. As part of entity registration, we will assign you a Unique Entity ID.

Comprehensive and current entity information is an essential part of the federal award process. It is important to prepare your information and allow sufficient time to understand and accurately complete your registration. You only need to complete and manage it here to remain eligible for federal awards.

You must renew your registration every 365 days for it to remain active.

#### Get Unique Entity ID

If you only conduct certain types of transactions, such as reporting as a sub-awardee, you may not need to complete an entity registration. Your entity may only need a Unique Entity Identifier.

You can get a Unique Entity ID for your organization without having to complete a full entity registration.

## **Step 8: Fill in the information requested.**

- Note: SAM.gov is very particular about how you enter this information. It must match exactly the legal business name and information that you have registered with Michigan and/or IRS.

- Note: Sometimes the country does not autofill and it will prevent you from proceeding to next page. If you get stuck, make sure you have selected a country.
- Note: Most organizations can continue with just using the 5 digit zip code, although it asks for your +4 zip code.
- Note: SAM.gov will not accept PO boxes. When your organization registered with the State (and IRS), you had to register a physical address that was not a PO box.

## Enter Entity Information

All the following information will be used to validate your entity, unless marked as optional.

### Legal Business Name

If you are acting on behalf of a limited partnership, LLC, or corporation, your legal business name is the name you registered with your state filing office.

### Physical Address

Your physical address is the street address of the primary office or other building where your entity is located. A post office box may not be used as your physical address.

#### Country

#### Street Address 1

#### Street Address 2 (Optional)

#### ZIP Code (+4)

#### City

#### State

**Step 9: If you entered information successfully in previous step, a list of organizations (or sometimes just one organization) should pop-up. Select your organization here.**

- Note: if unable to find a match, you can click “Create incident” to open a case with SAM.gov for assistance. You can also contact SAM.gov for live chat, phone, or email assistance (see last page).

**Include in public search**

Publicly viewable entity records display your record status, legal business name, and physical address on SAM.gov. If you feel the public display of your entity information poses a security threat or danger to you or your organization, you can restrict the public viewing of your record in SAM.gov by deselecting the checkbox.

If you choose to restrict your information, it will not be visible to other non-federal entities or state and local governments who may wish to do business with you. However, your non-sensitive entity information remains available to federal government users. [Learn more about SAM.gov public search results.](#)

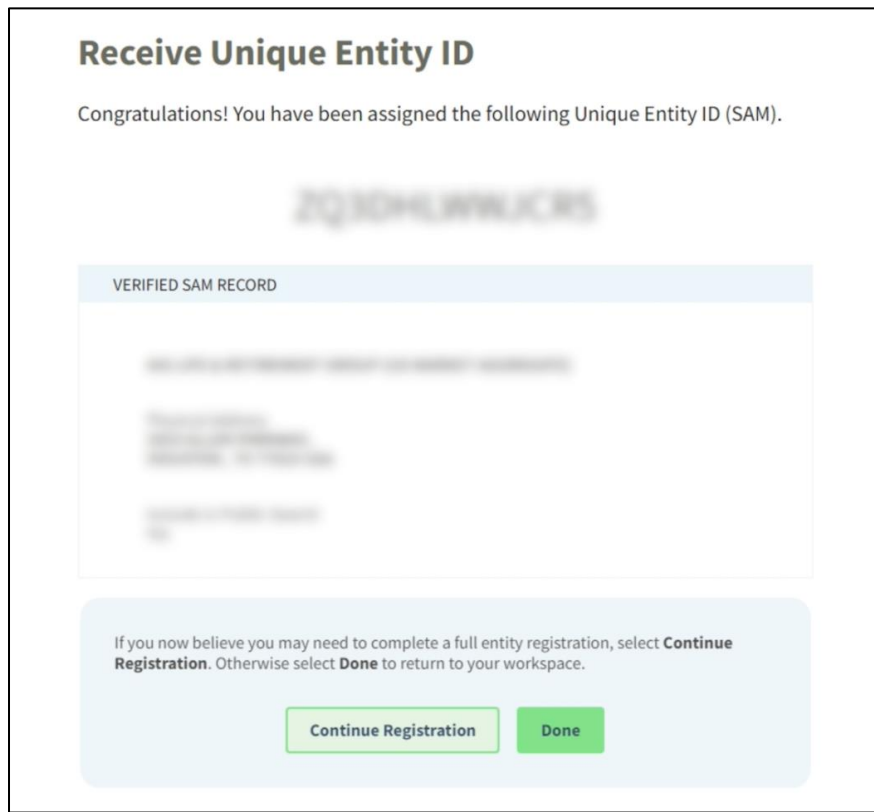

Before requesting your Unique Entity ID, please certify under penalty of law that you are authorized to conduct transactions for this entity to reduce the likelihood of unauthorized transactions. Then select **Receive Unique Entity ID**.

I certify that I am authorized to conduct transactions on behalf of the entity.

## **Step 12: Receive UEI**

- Your 12-digit alpha-numeric UEI should appear. You will enter this number in your SmartSimple Organization Profile when completing your MACC grant application(s). You are done with the process now.

**(Optional) Step 13: To see your UEI in the future, log-in to your SAM.gov account and your screen should look something like this. You can find your registration under “ID Assigned” and it will likely have a “1” there.**
